Equifab is a leading provider of high-quality and cost-effective steelwork and pipework solutions. With a dedicated team of skilled engineers and craftsmen, we offer a wide range of services, including steel fabrication, pipework fabrication, custom metal work and welding. Since we established, we have embraced a lean and efficient approach, optimizing our processes to minimize waste and maximize value for our clients.

By adopting lean principles, we ensure that every aspect of our operations is streamlined and focused on delivering the highest quality products while maintaining competitive pricing. Our commitment to being a cost-effective business enables us to pass on the savings to our clients without compromising on quality or craftsmanship.

At Equifab, we take pride in our ability to deliver projects on time and within budget, making us a reliable partner for businesses across diverse industries. By continuously seeking improvements and implementing innovative solutions, we enhance productivity and reduce costs.

Lastly, our customer-centric approach means we listen, understand, and provide personalized solutions to exceed client expectations. We take pride in our versatility, sustainability efforts, and commitment to building lasting partnerships. Collaborate with Equifab for innovative steelwork solutions.

Health, Safety & Environment

- ✓ Emphasis on Health, Safety, and Environment (HSE) as our top priority.
- ✓ Implementation of comprehensive HSE policies and procedures.
- ✓ Regular safety training and certification for our workforce.
- ✓ Conducting thorough risk assessments and method statements for all projects.
- ✓ Continuous monitoring and improvement of HSE practices.
- ✓ Engaging in safety audits and inspections to identify areas for enhancement.
- ✓ Proactive identification and mitigation of potential hazards.
- ✓ Commitment to creating a safe and secure work environment for all stakeholders.

Quality Assurance & Control

- ✔ Stringent Quality Control Measures: Implementing rigorous checks at every stage of the fabrication process
- ✔ Skilled Quality Assurance Team: Dedicated professionals ensuring adherence to high standards.
- ✔ Material Inspection: Thorough examination of sourced materials for quality and integrity.
- ✔ Welding Standards: Certified welders performing quality welding procedures.
- ✔ Final Inspection: Comprehensive assessment before products leave the facility.
- ✔ Continuous Improvement: Emphasizing feedback and lessons learned for ongoing enhancement.
- ✔ Client Satisfaction: Ensuring delivered products meet and exceed client expectations.

To us, social value is about how we capture the full net value that Equifab provides to society. This includes how we support the local economy, for example by helping local people into employment or buying from other local businesses; or activities that provide other benefits, such as promoting opportunities for disadvantaged groups or reducing waste. We categorise social value into five clear and distinct categories:

Jobs

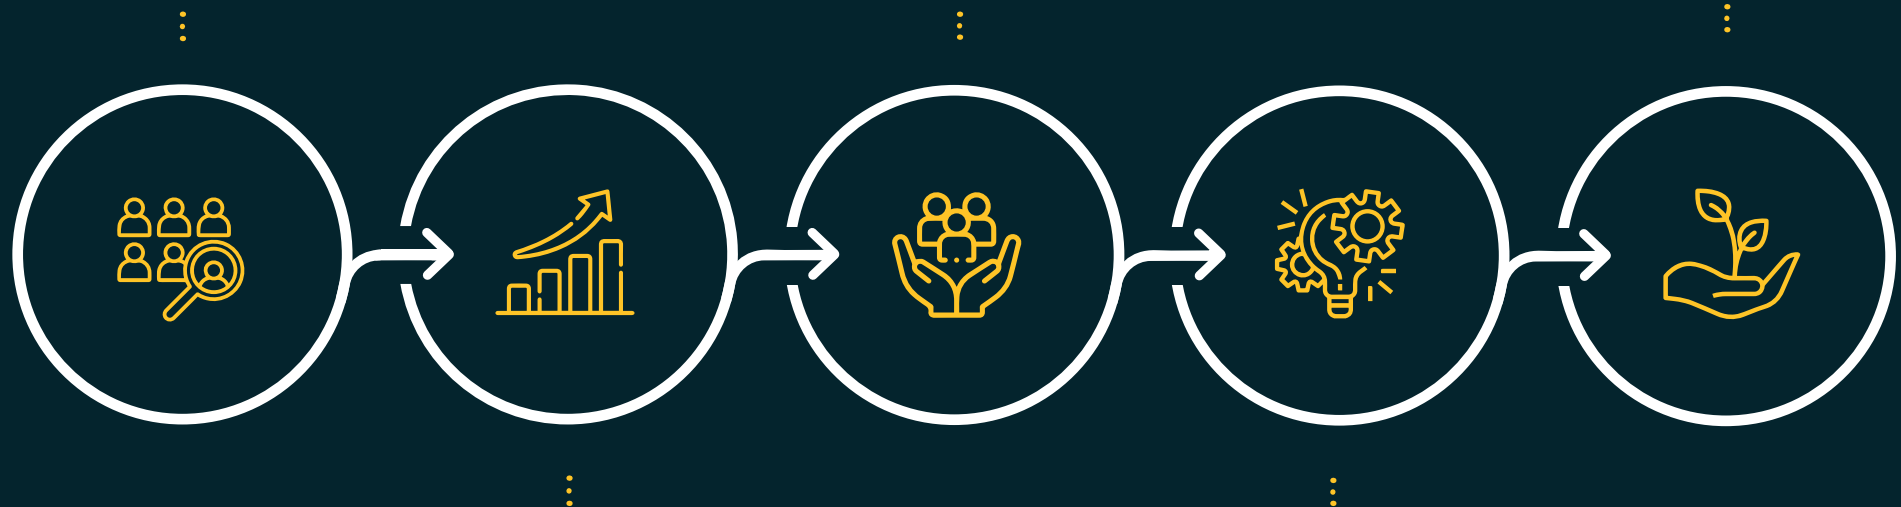

We promote local opportunities, skills and employment for all.

Social

We support our people and charitable concerns that matter to them as well as fostering and creating healthier, safer and more resilient communities.

Environment

Providing cleaner and greener working practices, promoting sustainable procurement and playing our part in safeguarding the planet.

Growth

We support the growth of responsible local business and have a by local policy wherever opportunities arise.

Innovation

We promote new ideas and social innovation - always looking for ways to be a great employer and a great place to do business with.

Customer-Centric Approach:

We prioritize open communication, actively listening to our clients' needs, and ensuring their satisfaction at every step of the process. Our commitment to building lasting relationships makes us a reliable and trusted partner.

Comprehensive Services:

From design and fabrication to on-site installation, we offer end-to-end steelwork solutions, simplifying the process for our clients and ensuring a seamless project execution.

Sustainable Practices:

We are committed to sustainability and environmental responsibility. Our eco-friendly practices minimize waste and optimize resources, making us a responsible partner for environmentally-conscious clients.

Competitive Pricing:

As a lean and cost-effective business, we offer competitive pricing without compromising on the quality of our products, providing exceptional value to our clients.

Proven Track Record:

We have delivered a wide range of successful projects, demonstrating our ability to handle diverse challenges and deliver outstanding results.

Fast Turnaround Time:

With an efficient and streamlined fabrication process, we pride ourselves on delivering projects on time, meeting tight deadlines without compromising on quality.

Expert Team:

Our team of skilled engineers and craftsmen boasts extensive experience in diverse industries, allowing us to handle complex projects with confidence and competence.
